MEMORANDUM FOR: Director, Regional & Political Analysis  
SUBJECT : ORPA Research Program  
REFERENCE : Your Memo, D/ORPA-78-1231, Dated 6 Oct 78, Subject  
as Above

1. I have circulated the draft ORPA FY-1979 Research Program throughout the divisions in the Office of Imagery Analysis. Areas of the program where we might lend imagery analysis support have been the subject of direct discussions between the OIA and ORPA analysts during the past week or so.

2. I believe that the imagery contribution to ORPA's work can be increased--the recently published piece by [ ] on the new Central Committee building attests to this. Actions such as the review of your Research Program are positive steps toward that end. Another step that I urge you to consider is a visit with us by you and [ ] to gain a better understanding of just what capabilities exist that may be relevant to your needs. Let me know when you or both of you can carve out a couple of hours and we will be happy to set something up.
